

DIGIUM END-USER LICENSE AGREEMENT FOR SPEECH RECOGNITION ENGINE BRIDGE SOFTWARE

IMPORTANT - READ CAREFULLY

1. This Digium End-User License Agreement (the "Agreement") is a legal agreement between Digium and the licensee (hereinafter, "you", "You" or "your") for the license of Digium's speech recognition engine bridge software provided hereunder (the "Software") for use in conjunction with Digium's Asterisk[®] software and certain speech recognition engine software separately licensed by LumenVox LLC.

BY DOWNLOADING OR INSTALLING THE SOFTWARE, YOU AGREE TO AND ACCEPT THE TERMS AND CONDITIONS OF THIS AGREEMENT.

If you do not accept, or are not authorized to accept the terms and conditions of this Agreement, then you should not install the Software and should remove any installed Software from your computer.

2.1 GRANT OF LICENSE.

Subject to the terms and conditions of this Agreement, Digium grants you a non-exclusive, non-transferable (except as permitted by Section 10 below) license to use the Software for internal business purposes, in object-code-only form, on a single server for use in connection with only the number of channels or other configurations for which license fees have been paid, and not for providing hosted services to third-parties or for redistribution (except as permitted by Section 10 below). "Software" shall include any upgrades, updates, bug fixes or modified versions ("Upgrades") or backup copies of the Software supplied to you by Digium or an authorized reseller, provided you hold a valid license to the original Software and have paid any applicable fee for Upgrades.

2.2 LICENSE FEES.

The licensee fees paid by you are in consideration of the license granted under this Agreement.

2.3 RESTRICTIONS.

You agree that you will not share your rights under this Agreement unless expressly provided herein. Except as otherwise authorized under this Agreement, no copies of the Software or user documentation or any portions thereof may be made by you or any person under your authority or control. The license granted by this Agreement shall apply only to those rights owned by Digium and shall not in any event be interpreted to apply as against any right or interest of any third parties. You may not reverse engineer, decompile, or disassemble the Software, except and only to the extent that applicable non-waivable law, notwithstanding this limitation, expressly permits such activity. You are expressly prohibited from engaging in any activities with respect to the Software or documentation, including additions and modifications thereto (whether or not authorized), that could cause the Software or derivative works thereof to be (1) disclosed or distributed in source code form, (2) licensed for the purpose of making derivative works, (3) redistributable at no charge, or (4) subject to any licensing or distribution model that have requirements similar to (1), (2), or (3) above (including but not limited to the GNU General Public License (GPL), GNU Lesser General Public License (LGPL), Mozilla Public License (MPL), BSD licenses, the Artistic License, the Netscape Public License, the Sun Community Source License (SCLSL), the Sun Industry Standards License (SISL), or the Apache License). In its sole discretion, Digium may designate an Upgrade to be a "Mandatory Upgrade," and you hereby agree that the Mandatory Upgrade shall replace the previously-provided software for all purposes hereunder, and further, you agree that, effective upon the making available of the Mandatory Upgrade (whether or not installed by you), the previously-provided software shall no longer be licensed hereunder and all right and license in connection with such previously-provided software

shall be deemed revoked. You agree to accept and immediately install all Mandatory Upgrades or else cease use of the Software. As both a condition of this license and as separate obligation by you, you agree that upon the making available of any Mandatory Upgrade by Digium and upon any notice of revocation of the license for the previously-provided software, you will immediately remove and destroy or return to Digium, all of the previously-installed software (including, without limitation, all backups, copies, and portions thereof).

2.4 OTHER SOFTWARE.

It is your sole responsibility to obtain all rights and licenses necessary to use the Software in connection with other products or software, whether the products or software of Digium or the software or products of third parties. Any software provided to you along with the Software that is associated with a separate end-user license agreement is licensed to you under the terms of that license agreement. You acknowledge and agree that the Software is only connector software that is licensed to you to allow Digium's Asterisk® software to operate in connection with LumenVox LLC's speech recognition engine products and software. The Software is only licensed for use in connection with speech recognition engine products and software that is the subject of a current license agreement with LumenVox LLC. Use of the Software with LumenVox LLC speech recognition engine products or software that are not the subject of a current license agreement in favor of you or in connection with the software of any other third party is strictly prohibited hereunder and may violate the rights of such third parties. No right, title, interest or license in or to LumenVox LLC's products or software, or any other third party products or software, or any other products or software of Digium, is provided under this Agreement. LumenVox LLC's products and software must be separately licensed by you directly from LumenVox LLC. You represent and warrant that you will only use the Software in connection with software and products that are the subject of a current license in favor of you or software to which you otherwise have sufficient rights to use such software in connection with the Software licensed hereunder. NO REPRESENTATION OR WARRANTY IS MADE WITH REGARD TO THE INTEROPERABILITY OF THE SOFTWARE WITH ANY THIRD PARTY PRODUCT OR SOFTWARE. YOU AGREE TO INDEMNIFY AND HOLD DIGIUM HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS THAT MAY ARISE FROM OR RELATE TO YOUR USE OF THE SOFTWARE IN CONNECTION WITH ANY THIRD PARTY SOFTWARE OR PRODUCT IN VIOLATION OF THIS AGREEMENT OR OTHERWISE IN VIOLATION OF SUCH THIRD PARTY'S RIGHTS.

3. RESERVATION OF RIGHTS.

Except for the limited license rights expressly granted in this Agreement, Digium reserves all rights in and to the Software and any modifications thereto, including title, ownership, trademark, copyright, patent, trade secret and any other rights and interests.

4.1 LIMITED WARRANTY - SOFTWARE.

Digium warrants that the Software will substantially conform to Digium's specifications as set forth in the applicable documentation, at and from the date of original retail purchase of the Software for a period of ninety days provided that the Software is properly installed and used as contemplated in its documentation. Digium's sole obligation and your sole remedy for a breach of the foregoing warranty shall be to replace the non-conforming Software with software substantially conforming to Digium's specifications or to refund fees as described below. Digium further warrants that the media on which Digium delivers the Software will be free of physical defects for a period of ninety days or will be replaced by Digium. Except as otherwise agreed by Digium in writing, the replacement Software is subject to the terms and conditions of this Agreement. If Digium determines in its sole discretion that a material non-conformance cannot be corrected, or that it is not practical to replace the nonconforming Software, the price paid by the original licensee for the Software will be refunded by Digium to you and the license grant automatically terminated, in which case you will promptly return to Digium or destroy the Software and any copies in your possession.

4.2 WARRANTY DISCLAIMERS.

The limited warranties provided by Digium do not cover (i) Software that has been subjected to misuse, tampering, modification, experimentation, alteration, negligence, faulty installation; (ii) Software with the model or serial number altered, tampered with, or removed; (iii) Initial installation, installation and removal of the Software for repair, and shipping costs; (iv) Configuration of the Software; (v) Damage that occurs in shipment due to act of God, failures due to power surge, and cosmetic damage; (vi) Any hardware, software, firmware or other materials or services provided by anyone other than Digium; or (vii) Repair by anyone other than Digium or Digium's authorized representative. Unless under a current services contract with Digium, you shall not upgrade or update Software using software of any origin except commercial versions of the Software released to you by Digium or its authorized distributors from time to time. THE SOFTWARE IS PROVIDED WITHOUT ANY IMPLIED WARRANTIES OF ANY KIND WHATSOEVER, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SYSTEM INTEGRATION AND NONINFRINGEMENT. EXCEPT AS EXPRESSLY COVERED UNDER THE LIMITED WARRANTY PROVIDED HEREIN, THE ENTIRE RISK AS TO THE QUALITY, SELECTION AND PERFORMANCE OF THE SOFTWARE IS YOURS.

5. RETURN MAINTENANCE AUTHORIZATION.

If returning Software under warranty, you must include with the Software a written description of the Software nonconformance in sufficient detail to allow Digium to confirm such determination. Prior to returning Software under warranty to Digium, the original purchaser must obtain a Return Material Authorization ("RMA") in accordance with the Digium policy in effect at the time as published on the Digium web site. You must package the warranted Software in the original shipping package to ensure that it will not be damaged in transit, with the RMA number prominently marked on the outside of the package. No manuals or accessories should be returned to Digium, and Digium will only refund or replace the defective portion of the Software, but will not ship back any other material. Digium will ship repaired or replaced Software to you via UPS Ground or any common carrier selected by Digium, with shipping charges prepaid. You may request and prepay expedited shipping. Digium has no responsibility for packages that are lost in transit to Digium. Digium will not be obligated to accept physical return of any Software.

6. LIMITATION OF LIABILITY.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, DIGIUM IS NOT LIABLE UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR ANY LOSS OF USE OF THE SOFTWARE, INCONVENIENCE OR INDIRECT DAMAGES OF ANY CHARACTER, WHETHER SPECIAL, INCIDENTAL OR CONSEQUENTIAL (INCLUDING, BUT NOT LIMITED TO, LOSS OF REVENUE OR PROFIT, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, FAILURE OF CONNECTED EQUIPMENT OR PROGRAMS, LOSS OF INFORMATION OR DATA OR LOSS OF GOODWILL) RESULTING FROM THE USE OF THE SOFTWARE, RELATING TO WARRANTY SERVICE, OR ARISING OUT OF ANY BREACH OF THIS AGREEMENT, EVEN IF DIGIUM HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE SOLE REMEDY FOR A BREACH OF THE FOREGOING LIMITED WARRANTY IS REPAIR, REPLACEMENT OR REFUND OF THE NON-CONFORMING SOFTWARE. THE MAXIMUM LIABILITY OF DIGIUM UNDER THIS AGREEMENT IS LIMITED TO THE PURCHASE PRICE OF THE APPLICABLE SOFTWARE. THE FOREGOING EXPRESS WRITTEN WARRANTIES AND REMEDIES ARE EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTIES OR REMEDIES, EXPRESS, IMPLIED OR STATUTORY.

7. PROPRIETARY WORKS.

7.1 You agree not to reverse engineer, decompile, or disassemble the Software, except to the extent such restriction is expressly prohibited by non-waivable applicable law. You shall not disclose or make available such trade secrets or copyrighted material in any form to any third party nor remove any trademark notices, copyright notices, or licensing terms from the Software or any components therein.

7.2 You will not, without Digium written consent, use the name, trademarks, trade names or logos of Digium, or the name of any Software or service of Digium, in any manner. If Digium grants you a right to use the aforementioned, you will do so only in strict compliance with Digium trademark policies.

7.3 You agree not to engage in any activities with respect to the Software or documentation, including additions and modifications thereto (whether or not authorized), that would violate this Agreement, including without limitation, Section 2.3 hereof.

In the event you are not the end user of the Software, this Agreement and the licensed rights and obligations under it may be assigned by you a single time to a single end user without the prior written approval of Digium, provided that (i) the Software is provided to the end user in the same form as originally provided by Digium without modification or alteration, (ii) the Software is only distributed to the end user in accordance with the terms of this Agreement, including without limitation, in compliance with Section 2.3 and Section 7.3, (iii) in the event the Software is distributed with any other software or products, the distribution of such other software or products is in compliance with the agreements pursuant to which such other software or products are distributed, (iv) this Agreement is made available to the end user, and the end user agrees to the terms and conditions of this Agreement, and (v) no representations or warranties are made by you with respect to the Software that exceed or differ from the terms and conditions of this Agreement.
