2. GRANT OF LICENSE.

Subject to the terms and conditions of this Agreement and Exhibit A, Digium grants you a non-exclusive, non-sublicenseable, non-transferable license to use the Software for internal business purposes and not for resale, sublicense, leasing, or providing hosted services to third-parties. "Software" shall include any upgrades, updates, bug fixes or modified versions ("Upgrades") or backup copies of the Software supplied to you by Digium or an authorized reseller, provided you hold a valid license to the original Software and have paid any applicable fee for Upgrades. Notwithstanding the foregoing, you acknowledge that certain components of the Software may be covered by so-called "open source" software licenses ("Open Source Components"). Digium will provide a list of Open Source Components for a particular version of the Software upon your request. To the extent required by the licenses covering Open Source Components, the terms of such licenses will apply in lieu of the terms of this Agreement, and Digium hereby represents and warrants that the licenses granted to such Open Source Components will be no less broad than the license granted in this Section 2. To the extent the terms of the licenses applicable to Open Source Components prohibit any of the restrictions in this Agreement with respect to such Open Source Component, such restrictions will not apply to such Open Source Component.

3. RESERVATION OF RIGHTS.

Except for the limited license rights expressly granted in this Agreement, Digium reserves all rights in and to the Software and any modifications thereto, including title, ownership, trademark, copyright, patent, trade secret and any other rights and interests. You will own only the Hardware (exclusive of Software embedded in the Hardware) and the physical media on which the Software and associated documentation are reproduced and distributed. If you allow an existing Services plan to lapse, you may be required to pay retroactively annual fees for all Products from the date of the lapse in order to reinstate such Services.

4.1 LIMITED WARRANTY - SOFTWARE.

Digium warrants that the Software will substantially conform to Digium's specifications as set forth in the applicable documentation, at and from the date of original retail purchase of the Software for a period of ninety days provided that the Software is properly installed and used as contemplated in its documentation. Digium's sole obligation and your sole remedy for a breach of the foregoing warranty shall be to replace the non-conforming Software with software substantially conforming to Digium's specifications or to refund fees as described below. Digium further warrants that the media on which Digium delivers the Software will be free of physical defects for a period of ninety days or will be replaced by Digium. Except as otherwise agreed by Digium in writing, the replacement Software is subject to the terms and conditions of this Agreement. If Digium determines in its sole discretion that a material non-conformance cannot be corrected, or that it is not practical to replace the nonconforming Software, the price paid by the original licensee for the Software will be refunded by Digium to you and the license grant automatically terminated, in which case you will promptly return to Digium or destroy the Software and any copies in your possession.

4.2 LIMITED WARRANTY - HARDWARE.

Digium warrants that the Hardware will be free from material defects in workmanship and materials from the date of original purchase by you for a period of two years. Such repair or replacement will be performed by Digium or its authorized representative. Digium may in its sole discretion replace the defective Hardware (or any part thereof) with a reconditioned product determined by Digium as materially equivalent or better than the defective Hardware. Repaired or replacement Hardware continues tolling the original warranty period from the date of original retail purchase.
