

## **Get the LEAF Advantage**

Selecting the right partner to meet your customer financing needs is a critical component in reaching your business objectives. LEAF Financial Corporation partners with telephony and technology resellers to deliver a measurable growth in sales, more profitable customer relationships and a significant increase in retained accounts through our market leading financing programs. With our unique view of financing, we do more than meet your transactional needs; we can help you manage all phases of your customer relationships. We are a true financing partner who can deliver a total solutions package that will help you maximize revenue throughout every stage of the customer life cycle.
