

Reseller Demo Purchase Process

All Digium Authorized Resellers (Select or Registered) can purchase Digium products for demonstration purposes once every 6 months.

How?

- **Authorized Reseller purchases equipment thru distribution at standard pricing, then completes the attached “Demo Claim Form” and attaches a copy of their invoice from an authorized Digium distributor and sends to the Inside Channel Account Manager. All Digium cards and Appliances are eligible.**
- **Demo pricing is 50% off list, excluding shipping, taxes, tariffs, etc. Therefore, Digium pays the difference between the resellers invoice from distribution and 50% off list in USD.**
- **Payment, in USD, will be made in the form of a check and submitted to the reseller within 30 days of request.**
